6500 Series Half Facepiece Respirators

- Provides comfort and stability with a soft but firm silicone face seal
- Resilient material extends product life
- Maintains its shape in high heat environments
- Overmolded, low-profile design simplifies cleaning and maintenance with fewer parts and crevices, and provides a wide field of view
- Valve cover design directs exhaled breath and moisture downwards, and facilitates a positive pressure seal check
- 3M™ Cool Flow™ Exhalation Valve enhances comfort by reducing heat and moisture, and allows for easier breathing
- Adjustable head harness assembly provides optimum fit and comfort with a three-size adjustable head cradle
- Optional quick latch drop-down mechanism allows for easy on and off as workers move in and out of contaminated areas – no need to remove your hard hat, eyewear or faceshield
- NIOSH approved
